The football season of Chillicothe Business College closes Saturday night with the big annual banquet for letter men. Sweaters will be awarded this year's team and addresses made by President Moore, Coach Neel, Athletic Manager Lail, Capt. Shockley and others.

W. S. Miller left Monday for Cape Girardeau to be present at the convalescence of his grand-daughter, Mrs. Ralph Dillard, who was recently operated on for appendicitis. The Times is sorry to state, however, that Mrs. Dillard has suffered a severe relapse and is again in a very critical condition.

The first indication of winter was presented Sunday, when Old Boreas gave us a chance to get a glance of his profile. For perhaps an hour or more there was the gentlest fall of snow, which could be seen only as it fell, as it was quickly dissipated when it came in contact with the earth. But even such appearances failed to lower the temperature.

The Times is pleased to know that C. M. Edwards, of Maldin, has been returned to the State Legislature from Dunklin county by an increased majority. "Casper" Edwards, as he is known here to many relatives and friends, was born and reared in this community, who will be pleased to know that he is a somewhat prominent candidate for Speaker of the next Legislature.

Thanksgiving was largely given over to family reunions and special dinner parties. It was a day of banqueting, the more fortunate generally having their fill of turkey and accessories, though they were roasting rather high and were difficult to secure, the supply also being quite limited. But chicken, goose, duck, quail, squirrel or rabbit afforded substitutes that little hardly be noticed. In fact, little fault could be found with a fine steak or roast, so that perhaps all enjoyed abundant dinners.

Four fine iron posts are now being erected in cement at each corner of the court house square. Each of these posts will be surmounted with five strong electric lights, which will splendidly illuminate that part of the city. The wiring had previously been ditched in, so that the illumination can be switched as desired. It is a splendid improvement, the initial cost being paid for by the county, while the electric current will be furnished at the city's expense.

Mr. and Mrs. E. M. Laakman were called to Cape Girardeau again Tuesday morning by a sudden change for the worse in the condition of their daughter, Mrs. Ralph Dillard, who was thought to be well along toward recovery from an operation for appendicitis when Mrs. Laakman returned home last week. But severe complications had set in and her condition was again reported exceedingly dangerous. The latest report is that she is getting along nicely and supposed again to be out of danger, which will be gratifying news to many friends here.

On last Sunday Mrs. Mart Landrum, of Route 1, Farmington, celebrated her 61st birthday anniversary. At the noon hour a sumptuous dinner was served. The American Legion foot ball team of this city went to Fredericktown last Saturday to play the Marvin College team a return game. A large number of rooters accompanied them, but all reports are to the effect that the "exhibition" put on there was a disgrace to the game. The charges made are not so much against the Marvin squad; but almost wholly concern the towns-folk of Fredericktown, who indicate a complete lack of a "sporting spirit" by their "buling" conduct. Through the manipulations of the referee, the official score was 13 to 12 in favor of Fredericktown, but the players and fans from here all contend it should have been 13 to 0 in favor of the American Legion team.

## VOCATIONAL SCHOOL NOTES

Present enrollment 116. Thirteen new enrollments during November.

Our team returned from the Royal Poultry and Live Stock Show held at Kansas City last week, with high honors, but the cup was awarded to the Ames College, of Ames, Iowa. Next year when this exposition is repeated it is hoped that our team will rank first instead of fifth.

Chas. Sutton, Reynolds county's peppy and energetic Representative in the State Legislature, was in Farmington the first of the week on business. Mr. Sutton informed The Times that he will be a candidate for Speaker of the House, and that he already has splendid assurances of support for that position. That he has made a creditable representative his late re-election by a largely increased majority would indicate.

## Here It Is!—The New International Manure Spreader

Run Your Eyes Over These Best-yet Features:

1. **Roller Bearings.** Roller bearings at seven points—the only spreader so equipped.
2. **Double Ratchet Drive.** Walking beam transmission from main axle eccentric and extra large ratchet wheel give easy, strong, steady feed. No pounding or jerking, due to extra-long movement of pawls on ratchet for every revolution of 46-inch drive wheels. Box tapered to eliminate friction on box sides. Six feed speeds.
3. **Oscillating Front Axle.** Auto-type, permitting short turn. No pole whipping. No strain on frame.
4. **Power; Both Wheels.** Power is transmitted direct from main axle to beaters, wide-spread spiral and manure conveyor—not through beaters to conveyor or vice versa.
5. **Wheels Track.** Rear wheels track with the front wheels, lightening draft.
6. **Tight Bottom.** There is no clogging, jamming apron, because the spreader has a tight bottom. Spreads anything. Retains all liquid manure.
7. **Two Beaters.** Two all-steel beaters with chisel-pointed square teeth work from both top and bottom of the load. Allow extra-high load.
8. **Wide-Spread.** The spiral behind the beaters gives the manure a third beating, and spreads it finely and uniformly beyond the wheels.
9. **All-Steel Main Frame.** Does not check, rat or warp. Wood box sides hold only the load. Frame holds operating mechanism independently of box; keeps alignment perfect.

The New International—made in two sizes—is unquestionably the best spreader value on the market today, and when you consider it in connection with its price, it is so far ahead of all others that there is really no comparison.

We have a sample spreader set up for your inspection. Come in and look it over.
